

# The Journal Traveller

Try a mountain trail stroll in China .

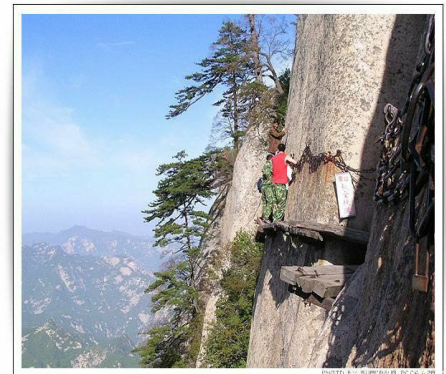

*1st - Let's take the cable car up to the start of the trail.*

*1. Now follow the path*

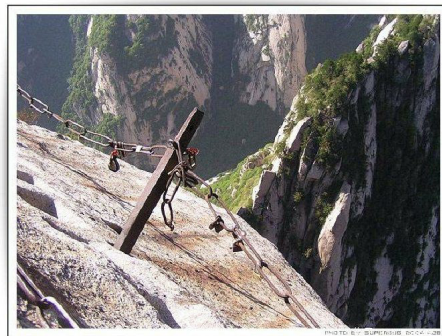

*2. Be sure to hold on to the railing.*

*3. Keep an eye on the person in front of you*

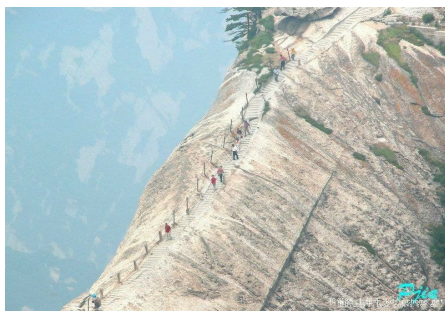

*4. Be very careful when passing someone going in the opposite direction.*

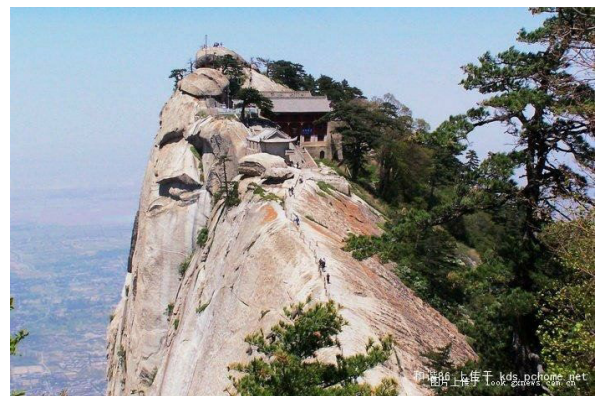

*5. Now just up a few steps.  
(They are on the left)*

*6. Gets a little steeper here -  
so put your toes in the holes.*

*7. A few more steps to go*

*8. Finally in sight, the Teahouse!*

**I'd go almost anywhere for a pint but a cup of tea? - Forget it.**
